\$20m priority in \$75m capital raising

Century Australia Investments Company Limited is currently undertaking a capital raising of up to \$75 million and an off-market share buy-back. Century Australia shareholders are entitled to a \$20 million priority allocation in the offer of new shares, which **closes on 19 May 2017**. Century Australia Director and Wilson Asset Management Chairman Geoff Wilson is personally investing \$2 million in the offer. To participate in the offer, shareholders are required to complete the priority application form attached to the [prospectus](#) or [apply online](#). To request a mailed prospectus, call Alexandra Hopper on (02) 9247 6755 or email info@wilsonassetmanagement.com.au.

Market overview

In April, the portfolio increased 0.3% while the S&P/ASX 300 Accumulation rose 1.0%. In the period since Wilson Asset Management was appointed investment manager on 18 April 2017 the portfolio increased 2.0% in line with the benchmarks return of 2.0% during the same period.

Equity markets had a soft first half of the month, weighed down by the easing in the deflation trade, soft US economic data, the French Presidential elections and rising geopolitical tensions. However, the market rallied at the end of the month, approaching the 6,000 level on the back of positive news about the outcome of the French elections and President Trump's proposed tax cut announcement.

Domestically, during its April board meeting, the Reserve Bank of Australia (RBA) left the cash rate unchanged at 1.5% as widely expected and downgraded its assessment of the Australian labour market following the release of weak February data. The Australian Prudential Regulatory Authority made further comments that it could increase bank capital requirements.

Net Tangible Assets (NTA) figures

The following NTA figures are before the 1.6 cents per share fully franked interim dividend and the 1.1 cents per share fully franked special dividend declared on 18 April 2017 and due to be paid on 10 May 2017.

NTA before tax	98.2c
Deferred tax asset on carry forward realised losses	6.4c
Deferred tax asset/(liability) on unrealised income and gains/losses	(1.6c)
NTA after tax	103.0

In addition to the deferred tax assets (DTA) of 6.4 cents per share recorded in the accounts there is a further \$2.94m or 3.6 cents per share of tax benefit on realised losses which is not carried on the Company's balance sheet and is available to be offset against future taxation liabilities.

The fact that Century Australia is currently not liable to pay tax means that the level of franked dividends paid is restricted by the level of franking credits received by way of fully franked dividend income. Once the total carry forward losses are utilised, Century Australia will return to paying tax on any realised gains. Tax payments will generate additional franking credits from, which franked dividends can be paid.
